

CLIENT	PROJECT	YEAR	INDUSTRY	SUBJECT
RWE Gas Storage s.r.o.	Reconstruction of lighting conductors PZP	2016	Gas industry	Detail design documentation, Supply and installation material for lighting protection
YARA AB, Sveden	PROJECT NITRIC ACID 685 MTPD, YARA AB	2016	Chemistry	Supply and installation of material for grounding for new nitric acid unit
UNIPETROL RPA s.r.o.	PE3 - OSBL Installation	2016	Chemistry	Supply and installation of all LV and HV material for new PolyEthylene unit
UNIPETROL RPA s.r.o.	Replacement 500V motors in Exd design on Ethylene unit	2016	Chemistry	Detail design documentation, Supply and installation of 12pcs electromotors incl. power supply cables, control cables. Supply and installation of local control boxes. All signals from new installed equipment connecting and signaling to the E-table
SULTRADE Praha spol. s r.o.	Replacement pumps GA 101A/R a GA 112A/R on the Ethylene Unit	2016	Chemistry	Detail design documentation, Supply and installation of new supply cables, control cables. Supply and installation of local control boxes. Supply and installation of new cable trays. Supply and installation of new frequency converters ACS 880 incl. setting. All signals from new installed equipment connecting and signaling to the E-table. All required signals will be connected on the safeguarding system HIMA.
UNIPETROL RPA s.r.o.	Replacement safeguarding HIMA system on boiler house building no. 8635.	2016	Chemistry	Detail design documentation. Supply and installation of new cabinets AV 21, 22, 23 for boiler house. Testing and commissioning.
UNIPETROL RPA s.r.o.	Safeguarding HIMA system for new furnaces BA 107-110	2016	Chemistry	Detail design documentation. Supply and installation of new switchboards MC1/6, RS5 and addition of electrical equipment to the cabinets AV 7, AV8. Supply and installation of all material for safeguarding HIMA system incl. application software. Supply and installation of new cable trays. Testing and commissioning.
Technip Benelux	Supply of relay cabinet and modification in Control room related to ESD system for BA 101 / BA 106	2016	Chemistry	Supply and installation of new switchboards, cabinets, supply and installation of new cables. Testing and commissioning.
ABB s.r.o.	Replacement mechanical protection of HV substation on the building no. 8401	2016	Chemistry	Detail design documentation incl. as-built documentation. The realization consisted of total reconstruction of 22 pcs MV switchboards. Supply and installation of ABB MV protection. Supply and installation of new cables, new cable trays. All required information from ABB MV protection was connected to the Microscada system. All required signals from electrical equipment were connected to the E-table. Testing and commissioning.
Invensys	Upgrade computer AW a WP, upgrade FBM100	2016	Chemistry	Detail design documentation incl. as-built documentation, Supply and installation of cables, Testing and commissioning.
SANDVIK	Reconstruction of equipment 106 and 109	2016	Others	Finalization of existing project documentation, supply and installation of new electromotors, frequency converters. Supply and installation of new cable trays and new cables. Testing and commissioning.
ČESKÁ RAFINERSKÁ, a.s.	Production of Kerosene JET A1	2016	Refinery	Detail design documentation for electrical part and I&C part. Supply and installation of new distribution boxes, new switchboards, new cabinets including complete control system (HW + SW). Supply and installation of MV switchboards, MV cables, endings. Supply and installation of I&C materials (level meters, pressure transmitters, temperature transmitters. All new information (signals) connecting to the existing control system FOXBORO.
ČESKÁ RAFINERSKÁ, a.s.	Improving the reliability of CCR unit	2016	Refinery	Supply and installation of material for electrical part and for instrument part. Supply of new switchboards, supply of new cable trays and new power supply cables, control cables.
ČESKÁ RAFINERSKÁ, a.s.	Improving the reliability of pump P1310-P02/1	2016	Refinery	Detail design documentation for electrical and instrumentation part. Supply and installation of new Ex electromotors. Modification of existing MV switchboards. Upgrade of existing control system incl. Supply of new hardware. Testing and commissioning.

ČESKÁ RAFINERSKÁ, a.s.	LR 13034 Ensuring the Operability of terminal in Jiřetín	2016	Refinery	Modernization in part of electro and instrumentation of the terminal in Jiřetín. Replacement the existing loading management system for trucks from MFX system to FCM II Toptech Systems, Inc. Replacement safeguarding PLC system SIMATIC S5 to new S7.Modification of existing control system. Supply and installation of new cable trays and new cables. Building modification in the new technical room and LV substation.Installation of new equipmenst on the Czech market, specification was provided with cooperate Czech metrology institute.
ČESKÁ RAFINERSKÁ, a.s.	LR 14059 -WET STOCK LOSSES/EXICSE TAX DUTY EQUIPMENT.	2016	Refinery	Supply nad installation of 34pcs of measurement meters (mass flow meter, thermometer, barometr) Modification of existing control system DCS and existing PLC.
UNIPETROL RPA s.r.o.	PE3 - OSBL Basic Design a Detail Design	2015 - 2016	Chemistry	Detail design documentation for new PE 3 unit for electric part (LV and MV)
UNIPETROL RPA s.r.o.	Reconstruction of ethylene unit	2015 - 2015	Chemistry	Reconstruction of ethylene unit after incident. Complete reconstruction of electric par, instrument part, gas detection system, fire detection system.Complete reconstrution including new cable trays and all new cables, new local distrubution panel, local boxes.
Česká rafinérrská a.s.	Road terminal in Český Jiřetín	2015-2016	Chemistry	Upgrade of existing control system for road terminal for dispensing fuel in Český Jiřetín.
Plzeňská teplárenská, a.s.	ZEVO Chotíkov	2015-2016	Energetics	Supply and installation of all material for electro part and I&C part.
RWE Gas Storage s.r.o.	Measurement of pressure in the probes	2016	Gas industry	Realization in electro part and instrument par including measurement of pressure in the probes in gas facilities Dolní Dunajovice and Tvrdonice. Total quantity of equipment is approx. 150.
Škota Auto, a.s.	Gas regulation station	2015	Gas industry	Supply and installation of electrical and I&C.
UNIPETROL RPA s.r.o.	Reconstruction of 6kVswitchgears feeders	2015	Water management	Detail design documentation in electric part and I&C part.Settings, testing and commissioning.
UNIPETROL RPA, s.r.o.	Replacement air condensers A620 in NTS unit	2015	Chemistry	Detail design documentation, Supply and installation HVAC, supply and installation electro and I&C part. Modification of existing ESD HIMA systém (additional HW and new SW).
UNIPETROL RPA, s.r.o.	Changing use second floor in the building no. 2837. Building for univesity of chemical technology.	2015	Chemistry	Detail design documentation including cables, cable trays, lighting, ventiilation, air condition.
SANDVIK	Hall ventilation no. 4 and no. 5	2015	Others	Supply and installation electric part nad ventilation, testing and commissioning.
ČESKÁ RAFINERSKÁ, a.s.	LR 14015 - - New fibre optic connection in control room no. 4 and no. 5	2015	Refinery	Detail design documentation in instrument part. Supply and installation of fibre optic connection for communication between control system and devices.
UNIPETROL RPA, s.r.o.	Measurement of untreated water	2015	Chemistry	Detail design documentation for electro and instrumentation part and control part. Supply and installation power supply cables, control cables, supply and installation of cable trays, Supply and installation of flow meters
BIS Czech s.r.o.	Implementation of arrangement for shut down the steam regulation 0,7MPa	2015	Chemistry	Supply and installation of switchboards, cabinets. Supply and installation of field instrument equipment. Connecting the existing technology to the new control system.Settings, testing and commissioning.
UNIPETROL RPA, s.r.o.	The pumps of sludge	2015	Energetics	Detail design documentation, supply and installation of cables. Supply of material for control system.
UNIPETROL RPA, s.r.o.	Measurement of fire water	2015	Chemistry	Detail design documentation for electro and instrumentation part and control part. Supply and installation power supply cables, control cables, supply and installation of cable trays, Supply and installation of flow meters
ČKD DIZ	Replacement pumps P 912A,B in NTS unit	2015	Chemistry	Detail design documentation incl. asbuilt documentation. Supply nad installation cable trays, cables. Supply and installation of frequency converters incl. setting. Supply and installation local cobtrol boxes.
UNIPETROL RPA, s.r.o.	Separation of sawage water from rain sewers	2015	Chemistry	Supply and installation of electrical and I&C
ČEPRO a.s.	Eletrical reconstruction building no. 232, Hněvice	2015	Refinery	Detail desgn documentation incl. As-built documentation. Supply and installation of material. Earthworks, construction works, installation of lighting, emergency lighting.
UNIPETROL RPA, s.r.o.	New control systém for gas burner in T700 unit	2015-2016	Energetics	Detail design documentation, supply and installation of field instrument equipment, supply and installation of cable trays a nd cables. Testing and commissioning.

SIEMENS a.s.	Reconstruction LV switchboards MR 22, 23, 24	2015-2016	Chemistry	Reconstruction LV switchboards MR 22, 23, 24 consisted of replacing existing circuit breakers to new ones. A part modification of existing bus bars, modification of existing terminals, existing doors, existing instruments. All required signals (information) signaling to control system Etbalo. Testing and commissioning.
UNIPETROL RPA, s.r.o.	Replacement air condensers EC 801	2015-2016	Chemistry	Detail design documentation, Supply and installation frequency converters, supply and installation electro and I&C part. Modification of existing ESD HIMA systém (additional HW and new SW).
UNIPETROL RPA, s.r.o.	Optimizing dosage of inhibitor to C5 fraction	2014	Chemistry	Supply and installation of field instrument devices, valves, cables, cable trays. Modification of existing cabinets. Setting, testing and commissioning.
CC PLAST, s.r.o.	Reinforcing the performance	2014	Others	Supply and installation of new cabinets, power supply cables.
ČEPRO a.s.	Eletrical reconstruction building no. 231, Hněvice	2014	Energetics	Detail desgn documentation incl. As-built documentation. Supply and installation of material. Earthworks, construction works, installation of lighting, emergency lighting.
UNIPETROL RPA, s.r.o.	Application control systém DCS in water station	2014	Chemistry	Supply and installation cabinets. Control systém DeltaV, Connecting existing technology to the new control sytem.Setting, Testing and commissioning.
UNIPETROL RPA s.r.o.	General repair TG 12	2014	energetics	Detail design documentation for electro part and for contruction part. Supply and installation new coolers. Setting, testing and commissioning.
UNIPETROL RPA, s.r.o.	Control of compressor houses building no. 1532 and no. 1535 from control room building no. 1424	2014	Chemistry	Supply and installation of field instrument devices, valves, constrol system FOXBORO, cables and cable trays. Modification of existing cabinets.Connecting existing technology to new control system. Setting, testing and commissioning.
LDS Sever, spol. s r.o.	Correction data for R6_7	2014	Energetics	Supply and installation of cable trays, cables, cabinets. Settings, testing and commissioning.
Draslovka a.s.	Racking and storage TMA	2014	Chemistry	Supply and installation of field instrument devices, valves, control system DeltaV, cables and cable trays. Modification of existing cabinets. Connecting existing technology to new control system. Setting, testing and commissioning.
SYNTHOS Kralupy a.s.	Modification of existing unit for racking benzene.	2014	Chemistry	Detail design documentation. Supply and installation of cables and cable trays. Modification of existing cabinets. Supply and installation local control boxes.Testing and setting.
Nemocnice Pardubice	HV substation 35kV	2014	Others	Supply and installation of HV substation 35kV, supply and installation HV cables incl. endings. Testing and commissioning.
Modelárna LIAZ s.r.o.	Supply of control systém for hot runner form FORD	2014	Industry	Detail design documentation.Supply of material for control systém (hardware, software). Supply of cables, cable trays.Testing and commissioning.
UNIPETROL RPA s.r.o.	New PLC for wastewater treatment plant	2014	Chemistry	Asbuilt documentation. Supply and installation of material. Assembling and dismantling works.
UNIPETROL RPA s.r.o.	Racking LPG in the dorm 234b	2014	Chemistry	Detail design documentation incl. asbuilt documenation. Supply and installation electro part and instrumentation part incl. control system.Supply and installation of cable trays and cables. Supply and installation of Ex local distribution boxes, ex lighting.Modification of existing LV switchboards.
UNIPETROL RPA s.r.o.	Reconsrtruction of existing cable trays in compressor house	2014	Chemistry	Complete reconstruction of all cable trays. Detail design documentation incl. technologically description replacement of cable trays in unit operation.
VVV Most s.r.o.	Replacement electromotors on T700 unit	2014	Chemistry	Detail design documentation icl. Asbuilt documentation. Modification of existing swichtboards, pulling power supply and control cables incl. connection.
ČESKÁ RAFINERSKÁ, a.s.	Air circulation in tank D	2014-2015	Refinery	Detail design documentation for electric part and for ventilation. Supply and installation of material (cables, trays, auxiliary material). Testing and commissioning.
RSF Elektronik	Connection new technology	2014-2015	Others	Detail design documentation for electric part, supply and installation of material, testing and commissioning.
ČESKÁ RAFINERSKÁ, a.s.	LR 14037 - Supply and installation of new safety raid system for railway tanks	2014-2015	Refinery	Detail design documentation for electric part nad instrumentation part. Supply and installation new safety raid for railway tanks. Modification in existing control system SIMATIC.
SYNTHOS Kralupy a.s.	Reconstruction TR 237	2014-2015	energetics	Detail design documentation for electric part, for medium voltage 6kV

ČEZ, a.s. Severočeské doly, a.s. RWE Gas Storage s.r.o.	Modernization coal loading	2014 - 2015	Mining industry	Complete realization of medium voltage systém incl. new substations, new instrumentation and control, cables, cale trays.
	Emergency depressurization of technological equipment in Dolní Dunajovice	2014 - 2015	Gas industry	Supply and installation of I&C and electric part for greater safety technology in gas stack.
Synthos Dwory 7 Sp. z o.o. Polsko	Construction of a new butadiene unit	2014 - 2015	Chemistry	Realization in I&C part for new butadiene unit in Poland in Oświęcim.
Lovochemie a.s.	Modernization of new calcium nitrate unit	2014	Chemistry	Supply and installation of electric part and I&C part.
RWE Gas Storage s.r.o.	Modernization of solar turbines Taurus 70	2014	Gas industry	Assembly works, supply and installation of all material.
MONDI Štětí, a.s.	Úprava linky PM6	2014	Paper industry	Detail design documentation for eletcric part, instrumentation part incl. Control systém for modernization of paper machine PM 6
RSF Elektronik spol. s r.o.	Production ares RSF in Stříbro	2014	Architecture	Detail design documentation for new production area in Stříbro. Supply and installation of electric and I&C part.
RWE Energo, s.r.o.	Modification of existing equipment in heating plan in Náchod	2014	energetics	Assembly works, dismantling works. Supply and installation of all material.
Net4Gas, s.r.o.	Modification of existing pipes in KS Hostim	2014	Gas industry	Rebuilding input and output objects in compressor house in Hostim. Supply nad installation of new distribution panels, new switchboards, new cables, new cable trays. Supply and installation of instrumentation and control systém. Modification of control system and reconnection between new equipments and N4G control room. Supply and installation of security system.
Doosan Bobcat Engineering s.r.o.	The research and development center	2013 - 2014	Architecture	Detail design documentation, supply and installation of electric part and instrumentation part incl. control systém (HW + SW)
RWE Gas Storage s.r.o.	Connection control unit to PZP Háje	2013 - 2014	Gas industry	Supply and installation in instrumentation part and electric part
JSP International s.r.o., Cheb	Heating system for tanks	2013 -2014	Chemistry	Detail design documentation, supply and installation of heating systém
UNIPETROL RPA, s.r.o.	Reconstruction of the control screw compressors ZKR 255 A6	2013	Chemistry	Project documentation, supply and installation of new control systém for 10 compressors including new hardware and software
ČESKÁ RAFINERSKÁ, a.s.	Asset register management	2013	Chemistry	Asset register management
UNIPETROL RPA, s.r.o.	Reconstruction of heating system in ethylene unit - protection boxes	2013	Petrochemicals	Project documentation. Supply and isntallation of new 73 protection boxes for field isntrument.
UNIPETROL RPA, s.r.o.	Repair cooling bearings - MP Farrel	2013	Chemistry	Project documentation. Supply and installation of new equipment field instrumentation. Modification of existing control system SIMATIC
ČESKÁ RAFINERSKÁ, a.s.	New air condition units in CRC building no. 3411	2013	Chemistry	Detail design documentation for electric part. Testing and commissioning.
AIR PRODUCTS	Electrical and Instrumentation Construction Work for Air Products Project	2013	Chemistry	Detail design documentation for lighting. Supply and installation of lighting, grouding, cables, cable trays. Testing and commissioning
UNIPETROL RPA, s.r.o.	EN-11-2936, AGC Teplice Project Frequency conveters for water pums	2013	Water management	Detail design documentation. Supply and installation of medium voltage frequency converters, protection MV, cables, cable trays,lighting, HVAC, grouding, MV switchboards. Setting, testing and commissioning.
C-Energy Planá	Reconstruction of HV cable and transformer T102	2013	Energetics	Supply and installation of high voltage transformer 110/10,5/6,3kV and 65/65/25MW
UNIPETROL RPA, s.r.o.	Reconstruction of heating system - phase II	2013	Chemistry	Technical support for realization.Realization of protection boxes for I&C incl. heating system. Supply and installation of power supply cabinets, cables, cable trays.
UNIPETROL RPA, s.r.o.	Frequency converters for waterworks 230	2013	Water management	Detail design documentation. Supply and installation of medium voltage frequency converters, protection MV, cables, cable trays,lighting, HVAC, grouding, MV switchboards. Setting, testing and commissioning.
UNIPETROL RPA, s.r.o.	Modification of existing switchboards in Ethylene unit	2013	Chemistry	Replacement existing equipments in existing switchboards for new ones. All signals from new installed equipment connecting and signaling to the E-table
Spolana a.s.	Rerouting of MV cables for Karpolaktam plant	2013	Chemistry	Supply and installation od new cable trays including new MV cables and new control cables

UNIPETROL RPA, s.r.o.	Reconstruction of lighting in compressor house	2013	Chemistry	Detail design documentation for new lighting in compressor house. Supply and installation of Ex LED lamps. New cable trays and new cables. Testing and commissioning.
UNIPETROL RPA, s.r.o.	Frequency converters for pumps P-211	2013	Chemistry	Detail design documentation. Supply and installation of low voltage frequency converters, cables, cable trays, lighting, grounding, MV switchboards. Setting, testing and commissioning.
UNIPETROL RPA, s.r.o.	New control systém for waterworks	2013	Water management	Detail design documentation. Supply and installation of transformers, Backup systém, switchboards, cables, cable trays, lighting, grounding. Setting, testing and commissioning.
OHL ŽS a.s.	Sports hall in Plzeň	2013	Others	Supply and installation of electric part and I&C part.
UNIPETROL RPA, s.r.o.	Modification of existing switchboard MR 70 in Ethylene unit	2013	Chemistry	Replacement existing equipments in existing switchboards for new ones. All signals from new installed equipment connecting and signaling to the E-table
UNIPETROL RPA, s.r.o.	Disposal of waste gases from resevoirs FB 103 and 901	2013	Chemistry	Detail design documentation, supply of material. Installation electric equipment and pulling cables. Installation fo electric heating cables.
Čepro a.s.	Eletrical reconstruction building no. 235, Hněvice	2013	Energetics	Detail desgn documentation incl. As-built documentation. Supply and installation of material. Earthworks, construction works, installation of lighting, emergency lighting.
ČESKÁ RAFINERSKÁ, a.s.	OR 03003 balance measurement	2013	Refinery	Replacing outdated 17 pc volume of flow meters for new mass flowmeters. Complete delivery incl. RPD of instrumentation, electrical and mechanical
SULTRADE Praha s.r.o.	Diagnostic systém on TBK	2013	Chemistry	Detail design documentation incl. asbuilt documentation. Supply and installation of cables, cable trays. Modification of existing cabinets.
Lovochemie a.s.	Clean technology	2013	Energetics	Electric assembly works.
Doosan	New production hall	2013-2014	Others	Detail design documentation for electro part (MV, LV) I&C, EPS.setting, testing and commissioning.
RSF Elektronik	New AB, production hall, storage hall	2013-2015	Others	Detail design documentation for electro part (MV, LV) I&C, EPS.setting, testing and commissioning.
DIAMO s.p.	Recostruction of compressor SLKR I	2013	Chemistry	Detail design documentation, Supply and installation of electric part aned I&C including new control systém
Stráž pod Ralskem	Installing UGS compressor Lobodice	2013	gas industry	Delivery and installation of electrical part incl. HV and instrument and control equipment on installing a new compressor for gas storing on underground gas storage Lobodice
RWE Gas Storage s.r.o.	Refurbishment of LDS - R200 - Part II B3	2013	energetics	Supply and installation of 6 kV switchgear cubicle for R200. Removing the old dungeons. Supply and installation of control systems, relays, etc. Installation of HV circuit breakers, disconnectors, insulators, cables 6 kV, low voltage cables, hall and bus. Setting up, testing and commissioning of equipment.
Unipetrol RPA				
AIR PRODUCTS	Electrical and Instrumentation Construction Work for Air Products Project	2013	energetics	Project documentation lighting, grounding technology to produce oxygen and nitrogen for AGC technology. Supply and installation of electrical equipment and instrumentation.
Unipetrol RPA	EN-11-2936, AGC Teplice Project FM pumps for waterworks on PCH	2013	water management	RPD, Supply and installation of 6 kV FM, protections and high-voltage equipment, cabling, routes, new substation FM, lighting, HVAC, grounding, etc. 6 kV switchgear Supply and installation of control system for FM. Setting up, testing and commissioning of equipment
Unipetrol RPA	Retrofit power protection pchI	2013	energetics	Replacing the power fuse voltage switchboards including all devices in the rack, connected to a supervisory workplace electrical
Unipetrol RPA	Reconstruction of CHV Wed 0425	2013	water management	Supply and installation of compensation, drivers, cables, routing, lighting, earthing and lightning protection, rearmament existing cabinets, etc. Connections and expansion stávajícího control system, sensing vibration abatement, etc. settings, tests and zrpovoznění equipment.

PKN Orlen	PEC BA 108 - Plock Poland	2013	chemistry	Processing relizační project documentation, delivery and installation of FM including settings, making cable routes, supply and installation of electrical heating of the cabinet in potentially explosive atmospheres
DoorHan s.r.o.	SWIETELSKY - Hala DoorHan Kadan	2013	other	Supply and installation of electric par, electric fire-protection system
PKN Orlen	Plock - furnace	2013	petrochemicals	Supply and installation of instrumentation and electrical modifications to the existing furnace including RPD instrumentation and electrical
EURO SUPPORT	Camera system Eurosupport	2013	chemistry	Delivery and installation of the CCTV system (72 cameras) including RPD
UNI RPA	Deployment of DCS on the waterworks PCH	2013	chemistry	Installation and commissioning of equipment instrumentation and control systems
AGC Teplice	AGC Teplice - Production of oxygen and nitrogen	2013	Glassblowing	Installation and commissioning of instrumentation equipment
UNI RPA	Replacing the cooling piston compressors K300 ABC - Intecha	2013	chemistry	Installation and commissioning of instrumentation equipment
UNIPETROL RPA, s.r.o.	Upgrade CS CHÚV on T700	2013	energetics	Delivery of project documentation. Supply, installation and commissioning pneuostrovů. Supply, installation and commissioning of DeltaV DCS.
UNIPETROL RPA, s.r.o.	Reconstruction control of screw compressors ZKR 255 A6	2013	chemistry	Delivery of project documentation. Supply, installation and commissioning and diagnostics PLC Simatic S7-300 for 10 compressors.
Lovochemie a.s.	Reconstruction of the control room pouring ammonia	2012 - 2013	chemistry	Preparation of project documentation and implementation of the reconstruction of control room including reconnecting and power management technologies for ammonia unloading. The project includes civil works and mechanical modifications to the pipeline for distribution of ammonia
SOKOLOVSKÁ UHELNÁ, a.s.	Replacement power supply drying	2012 - 2013	energetics	Preparation of project documentation for building permit completion of the level of implementation of the project for the power supply of coal dryer
Net4Gas, s.r.o.	Construction 6180 - Brumovice II	2012 - 2013	gas industry	Preparation of project documentation and implementation of civil, mechanical and electrical activity in the reconstruction of pipeline technology and modernization of control system TU05S Uhercice, Uhercice PS012, PS010 Hrusky on a transit gas pipeline
RWE Gas Storage s.r.o.	Border fitting Tvrdonice	2012	gas industry	Supply and installation of DCS for new safety valve for the emergency gas pipeline closure, including the supply and installation of field instrumentation and cabling and connection to the control system tray
Lovochemie a.s.	Construction of tanks of ammonia	2012 - 2013	chemistry	Supply and installation of electrical incl. production of switchboards, including the instrumentation and control system Simatic and signaling the of ammonia gas leakage in the project of above-ground ammonia storage tanks
OAD NAK AZOT Novomoskovsk Russian Federation	Construction of a production unit of ammonium nitrate	2012	chemistry	Project design of instrumentation and control system for the new ammonium nitrate unit according the GOST standards
Solar Turbines EAME s.r.o.	EAME - Repair Centre	2012	other	Supply and installation of the operating current distribution VN, NN, weak current, EPS, public lighting
Česká Rafinérská Unipetrol RPA	Compliance el. devices with legislation	2012	chemistry	Delivery and installation of high-voltage, supply and installation of instrumentation
Unipetrol RPA	Reconstruction of electrical heat tracing EJ - PHASE I	2012	energetics	Technical assistance in the execution of the contract, Implementation of protective enclosures including electrical heat tracing instrumentation, power supply cabinets, supply of specific materials for the project
Unipetrol RPA	Replacing K3001/B/C cooling C4 - Part GEA	2012	energetics	Project documentation, delivery and installation of electrical equipment, new cooling technology C4 fraction
United Energy	Reconstruction elektronapáječky EN2	2012	energetics	Project documentation, supply of equipment TR, FM, motor, including commissioning, HW and SW in the steering systém
Unipetrol RPA	Changing the frequency converters for cooler EC215, E	2012	energetics	Supply and installation of new FM for controlled cooling, supply and installation of air for cooling FM

Unipetrol RPA	Replacing K3001/B/C cooling C4 - Part OFF SITE	2012	energetics	Supply and installation of building wiring, including the supply of new cooling technology
Sport areál Klíny	Optimization and development of the ski resort Wedges	2012	other	Construction of a new power for the funicular, making new LV substation, internal wiring, lighting slopes
Unipetrol RPA	Retrofit switches 6kV on TS 5833	2012	energetics	RPD, van HV circuit breakers, relays, production NN bodies. Installation and commissioning including protection settings.
Česká Rafinérská	PLC at CRC	2012	chemistry	production of project documentation electricity, supply and installation of motors, FM, equipment cabinets
Unipetrol RPA	The centralization of laboratories ST. 1715	2012	chemistry	RPD, supply and installation of switchgear, transformers, cables, lighting, drawers, etc. Commissioning, testing, etc.
VVES Arménie	AC/DC System	2012	energetics	backup system for the 220kV substation
PREdi	Palace Copenhagen II. Stage including RPD and engine	2012	energetics	reconstruction of 22kV
Unipetrol RPA	Segregation of sewage from storm drains	2012	energetics	Complex supply silnoprodu, a feasibility project dokumetace, supply frequency converters, cables and cable routes, additional equipment existing cabinets
Unipetrol RPA	Fresh water warming to T 700	2012	chemistry	RPD, Supply and installation of FM, drivers, cables, lines, additional equipment cabinets, etc. Setting up, testing and commissioning.
Česká Rafinérská	LR 10020 - 2305 cooling unit	2012	chemistry	RPD, Supply and installation of switchgear, cables, lines, lighting, additional equipment existing switchboards, grounding, etc. Setting up, testing and commissioning.
VVES Arménie	VT and CT transition boxes	2012	energetics	Delivery of transition 220kV substation cabinets
První Mostecká a.s.	Moving the control room first Mostecké SpA - Implemer	2012	other	Move the existing control room, electrical project documentation, graphic design new control room, construction building, electrical, PC, control systém
AERO Vodochody a.s.	AERO Vodochody - South Substation H59	2012	other	Refurbishment of MV and LV
Unipetrol RPA	Replacing oil coolers TN9 and TN12	2012	chemistry	RPD, Dismantling, supply and installation of new chaldičů oil, wiring, grounding paths, etc. Testing and commissioning of equipment
C-Energy Planá	Repair cable 110 kV substation Nylon Plana	2012	energetics	Repair of 110 kV terminal
Teplárna Trmice	Reconstruction turbofeeder TN105 Trmice	2012	energetics	The power output of the new generrátoru
United Energy	Frequency converter UE	2012	energetics	Delivery of the drive including setting
ČESKÁ RAFINERSKÁ, a.s.	LS 08015 - Extension of CCTV	2012	refinery	Supply and installation of 26 units of cameras in Ex. Replacing an existing system for digital amalogového including RPD
ČESKÁ RAFINERSKÁ, a.s.	LR 07012 Replacement SIMATIKŮ for S5 and S7 freq.	2012	refinery	Replacing existing SIMATIKŮ for S7 and S5 freq. Inverter and wiring and exchanges of fieldbus devices. RPD instrumentation, electrical and mechanical
ČESKÁ RAFINERSKÁ, a.s.	Drives	2012	refinery	Supply and installation of separators including 2 pieces of machine adjustments. Replacing the existing branch pipe DN 200 inclusive RV. RPD instrumentation, electrical and mechanical
Synthos, a.s.	Bottling benzene SŘTP, GDS, EPS	2012	chemistry	Installation and commissioning of instrumentation equipment
UNIPETROL RPA, s.r.o.	Centralization of laboratory construction in 1715	2012	chemistry	Dodávka realizační projektové dokumentace, laboratorního zařízení, vzduchotechnika, technické plyny, stavební úpravy a elektro instalace
ČESKÁ RAFINERSKÁ, a.s.	OS09033-its compliance with legislative requirements	2012	refinery	Installation and commissioning of instrumentation equipment

UNIPETROL RPA, s.r.o.	Upgrade ŘJ Energoblok	2012	chemistry	Delivery of project documentation, installation of compressor controller, supplies SW and HW Simatic.
ČESKÁ RAFINERSKÁ, a.s.	LR 08032 New Hydrocracker	2012	refinery	Supply, installation and commissioning of fieldbus devices, SW modifications in DCS / IPS Foxboro. RPD SŘTP
ČESKÁ RAFINERSKÁ, a.s.	LR 10009 - Adjust the flare system NRL	2012	refinery	Delivery and installation of instrumentation and electrical equipment as change the flare at NRL
ČESKÁ RAFINERSKÁ, a.s.	LR 10020 - Cooling jednotra for 2305-K01 / 1.2	2012	refinery	Commissioning refrigeration unit including supply of equipment instrumentation. RPD electrical and instrumentation
ČESKÁ RAFINERSKÁ, a.s.	V. Registr	2012	chemistry	Managing Asset Register.
ČESKÁ RAFINERSKÁ, a.s.	OS 11018 Procesorská aditiva fáze 1 etapa 2	2012	refinery	OS 11018 Procesorská additive phase 1 phase 2
UNIPETROL RPA, s.r.o.	Vanadium	2012	energetics	Delivery of project documentation. Supply, installation and commissioning of fieldbus devices, software modifications Honeywell DCS.
Enima Pro, a.s.	Hotel Širák PVP 30kW	2012	other	Installation of photovoltaic power plants
UNIPETROL RPA, s.r.o.	Recovery of ammonia water from the treated condensate	2012	chemistry	Supply, installation and commissioning of field instrumentation.
UNIPETROL RPA, s.r.o.	Editing sand traps on VVH	2012	water management	Delivery of project documentation. Supply, installation and commissioning of fieldbus devices. Delivery HW DeltaV.
ČESKÁ RAFINERSKÁ, a.s.	LS 10050 Edit Selected LPG pumps	2012	refinery	Supply, installation and commissioning of fieldbus devices, SW modifications in DCS / IPS Foxboro 2 pieces of pumps including RPD SŘTP
United Energy	Cooling circuits Komorany	2012	heating	Installation and commissioning of instrumentation equipment
UNI RPA	Warming, fresh water for T700	2012	chemistry	Installation and commissioning of instrumentation equipment
Net4Gas, s.r.o.	Interconnection KS Breclav and Tvrdonice	2011 - 2012	gas industry	Project documentation, delivery and installation of LV systems and instrumentation incl. control system in the construction of gas pipelines from the compressor station and underground gas storage
DIAMO s.p. Stráž pod Ralskem	Neutralization and decontamination station - NDS10	2011 - 2012	chemistry	Supply and installation of instrumentation incl. complete management system solutions in the construction of a new unit for processing the mother liquor
PGNiG S.A. Varšava Polsko	Underground gas and combined cycle power plant	2011 - 2012	gas industry	Supply and installation of instrumentation in the construction of underground gas storage facility and new combined cycle power plants
DIAMO s.p. Stráž pod Ralskem	Neutralization and decontamination station - NDS10	2011 - 2012	chemistry	Supply and installation of the extension of the existing 35kV high voltage substation construction of a new treatment unit mother liquors
OA O Čerepovec Rusko	Urea production plant	2011 - 2012	chemistry	Delivery assembly of instrumentation for gas detection and delivery incl. supervision and commissioning management technology for the production of carbamide output 1500 tons / day
Net4Gas, s.r.o.	GAZELLE pipeline	2011 - 2012	gas industry	Supply and installation of silnoprodych distribution, including the production of switchboards for the construction of a new border transfer station Brandov and other pipeline closures on pipeline
Lovochemie a.s.	Connecting reverse osmosis to Control system	2011	energetics	Project documentation, delivery and installation of a new control system incl. SW development and integration into the central production control room
Město Varnsdorf	Reconstruction and completion of the swimming pool	2010-2011	architecture	Supply and installation of instrumentation including control system
Česká rafinérská, a.s.	Reconstruction of ventilation corridors tank	2010-2011	petrochemicals	Designing and implementation of construction, the HVAC, electrical and instrumentation of the construction of two engine and electronics, including measurement and control

SYNTHOS PBR s.r.o. Kralupy nad Vltavou Česká rafinérská a.s.	Polybutadiene UNIT Electro	2010-2011	chemistry	Full realization of operating electrical distribution systems in the construction of a new production unit Polybutadiene UNIT
ČEZ Distribuce	Exchange PLC and FM on the construction of CRC	2010-2011	petrochemicals	Project documentation and electronic instrumentation including PLC control equipment, supply and installation service for implementation of the entire unit
BORSODCHEM - KAZINCBARCIKA Hungary	Nitric acid production unit	2010	chemistry	Implementation I&C for the newly built production unit of nitric acid capacity of 660 ton / day
UNITED ENERGY a.s.	New lighting engine	2010	energetics	Supply and installation incl. processing the actual implementation of the complete replacement of existing lighting small and large engine in the UE Komorany, including power supply cabinets
WEBA Olomouc a.s.	Production plant WEBA Olomouc	2010	architecture	Delivery and installation of high-voltage wiring incl. Substation and 22kV switchgear, low voltage and instrumentation for the new production plant in Olomouc.
AGC Flat Glass Czech	Lighting hall 3C	2010	architecture	Delivery and installation of high-voltage wiring in the new hall and storage of chemicals in complex manufacturing plant in Teplice
Energo Vidonice s.r.o.	FVE Vidonice	2010	energetics	Development of project documentation, arranging permits, supply and installation of electrical, high and low voltage equipment and monitoring system for the new land FVE
Česká rafinérská a.s.	Modernization EPS and camera system	2010	petrochemicals	Complete replacement of electronic fire alarm system and camera system in the reconstruction of complex chemical processes Kralupy nad Vltavou
ETC International s.r.o.	FVE Doksany	2010	energetics	Development of project documentation, arranging permits, supply and installation of electrical, high and low voltage equipment and monitoring system for the new land FVE
ACTHERM SERVIS a.s.	Reconstruction of the substation control R22.0	2010	energetics	Development of project documentation delivery and installation of the control system Simatic the reconstruction of the substation
ČESKÁ RAFINÉRSKÁ a.s.	Alarm system SKP	2010	petrochemicals	Development of project documentation, delivery and installation of perimeter security system for the building, supply and installation of CCTV system and connection to the security system
UNIPETROL RPA s.r.o.	Oxygen analyzers in silos at the factory CHC	2010	chemistry	Project documentation, e van analyzers for O2 including distributors, sample preparation, management system of progressive measurements of samples and sampling pumps
Lovochemie a.s.	Reconstruction of limestone grinding plant	2010	chemistry	Supply and installation of electrical and instrumentation, including connection to the control system in the reconstruction of limestone grinding plant
DIAMO s.p. Stráž pod Ralskem	Modernization of control system VROD	2010	chemistry	Project documentation, delivery and installation of equipment for modernization of control system technology VROD (high-temperature reduction of nitrogen oxides). The event was the delivery of HW and SW Allen Bradley
SOKOLOVSKÁ UHELNÁ, a.s.	Reconstruction of power PPC	2010	energetics	Design, manufacture and installation of power switchboards including exchange control system
SYNTHOS PBR s.r.o. Kralupy nad Vltavou	Polybutadiene UNIT Substation TR 3242	2009-2010	chemistry	Project documentation, construction work and complete supply and installation of a new electrical substation 110kV/6kV including connection to the distribution network.
Lovochemie a.s.	The volume of water to the column	2010	chemistry	Project documentation, delivery and installation of instrumentation including establishment. connection to the existing Delta V control system
PARAMO a.s., Pardubice	Reconstruction of 35kV substation	2010	petrochemicals	Project documentation, dismantling, delivery and installation of the reconstruction of 35 kV
Zakłady azotowe Kedzierzyn, S.A. Poland	Nitric acid production unit	2009-2010	chemistry	Project documentation, delivery and installation of central substation 6/0,4 kV
Butadien Kralupy, a.s.	Butadiene plant	2009-2010	chemistry	Project documentation, delivery, installation of electrical, instrumentation and control system
Autosalon Klokočka centrum a.s.	Autosalon AUDI Kolokočka	2009-2010	architecture	Complete supply and installation of high and low voltage for the new store and service of Audi cars in Prague

UNIPETROL RPA s.r.o.	Dosing of chemicals for EJ	2009-2010	chemistry	Detail design, supply and installation of field instrumentation and control system elektrootopů and the modernization of chemical dosing on ethylene production unit
Čepro a.s.	Backup power complex Loukov	2009-2010	pipelines	Development of project documentation, supply and installation of electrical incl. High voltage equipment, low voltage in the construction of new fuel tanks
UNIPETROL RPA s.r.o.	Polypropylene production unit	2009	chemistry	Project documentation, delivery and installation of electrical parts, incl. 10.5 kV substation, ADCS and weak for the construction of a new production unit polypropilenu
C&C Plast s.r.o.	CC Plastic Manufacturing Plant	2009	architecture	Delivery and installation of heavy incl. 22kV substations and transformers for the new production plant for plastics processing
UNIPETROL RPA s.r.o.	Retrofit to Butadiene	2009	chemistry	Project documentation and implementation of electrical retrofit cabinets in the construction of a new production unit butadiene
UNIPETROL RPA s.r.o.	Replacement engines for PE	2010	chemistry	Project documentation electricity, replacing existing engines with new ones with power and control cables and equipment ducts everything for the full operation of all units
DIAMO s.p. Stráž pod Ralskem	Subsidies ammonium up SLKR	2009	chemistry	Supply and installation of DCS distribution measurement and control technology for the grant of ammonium ions into operation SLKR1. Part of the HW and SW Allen Bradley
ČEPRO a.s.	Storage capacity Loukov	2009	pipelines	Design and implementation of electro for the first phase of construction of new storage capacity in Loukov
SOKOLOVSKÁ UHELNÁ, a.s.	Reconstruction of control system products tank farm	2009	energetics	Documentation for building permit and contractor selection for the reconstruction of the control systems instrumentation, electrical and unloading arms for tank farm products
ČEPRO a.s.	The end product line	2008-2009	pipelines	Realization of high-voltage and instrumentation works end product line Mstětice, Dědibaby and Třemošná
Unipetrol RPA s.r.o.	Reconstruction of the HV switchgear R 617 and R 627	2008-2009	petrochemicals	The project, dismantling MV switchgears and delivery of new (22 points). As part of the new supervisory work, incl. connection to the control system. Complete reconstruction is carried out in full operation production.
DIAMO s.p. Stráž pod Ralskem	Processing plant mother liquor	2008-2009	chemistry	Project documentation, delivery, installation of electrical equipment incl. 35kV switchgear, instrumentation and control system for the new Allen Bradley processing technology, the mother liquors
MVE Nymburk MVE Předměřice	Repair of generators of 0.4 MW and 3.2 MW	2008-2009	energetics	Complete repair of generators incl. rewinding and replacement of magnetic circuit
Česká rafinérská, a.s.	Increased reliability compressor 2512-G2	2008-2009	petrochemicals	Project documentation, delivery and installation of electrical and I & C incl. HV the overall modernization of hydrogen turbo chemical production Kralupy nad Vltavou
Unipetrol RPA s.r.o.	Increased production of polypropylene - new granulation line	2008-2009	petrochemicals	Construction of a new substation high voltage (10kV) substation LV (690V, 400V) incl. switchboards. Compensation superior HV substation 10kV (paid three-tiered compensation)
Česká rafinérská, a.s.	Relocation of electrical FAR7	2008-2009	petrochemicals	Complete construction of "turnkey" new unmanned control room incl. supply and installation of supervisory control and safety system
Česká rafinérská, a.s.	Replacing LPG pumps	2008-2009	petrochemicals	Project documentation, delivery and installation of electrical and I & C
Česká rafinérská, a.s.	Security systems operating furnaces	2008-2009	petrochemicals	Complete supply, installation and activation of high-voltage systems and instrumentation incl. control system in the reconstruction of alarm systems operational maintenance of the production block 25 in CRC Kralupy
Unipetrol RPA s.r.o.	Reconstruction of hydrogen compressor control	2006-2009	chemistry	Design and implementation of a complete reconstruction of the HV switchgear, LV switchgear, UPS, field instrumentation and HW and SW supervisory control system
AFSI ČR	Construction of the factory in the industrial zone of Joseph at the Bridge	2008	architecture	Realization of power production facility consisting of outdoor substations, HV switchgear and supply of high voltage cables 22 kV lines
INNO-COMP BOHEMIA s.r.o.	Manufacturing plant INNO-COMP BOHEMIA	2008	chemistry	Project documentation and complete construction of a new substation high voltage (6kV) - cabinet contains a total of 12 fields
Grand Paroisse S.A., Rouen, Francie	Nitric acid production unit	2008	chemistry	Implementation of electro, electroheating (including Detail Design) and DCS the newly built production unit of nitric acid on the performance of 1,500 tons / day

ČEPRO a.s.	The end product line	2007-2008	pipelines	Realization of high-voltage and instrumentation works end product line DN 200, DN 250, DN 300 - store Nové Město
ERDRICH UMFORMTECHNIK	Construction of a new production hall in Krnov	2007-2008	architecture	Realization of power production facility consisting of six substations vč.HV switchgear substations and HV connection cable, high voltage 22kV loop
JSP International s.r.o., Cheb	Heating of P-tank	2007-2008	chemistry	Project documentation, delivery and installation of electrical heating and power steering reservoirs in plastic processing
Unipetrol RPA s.r.o.	Reconstruction of pumping 4th stage	2007-2008	chemistry	Construction of a new substation HV and LV. Design, supply and HV switchgear incl. Lead and editing power of dungeons and instrumentation including HW and SW supervisory control system
SOKOLOVSKÁ UHELNÁ, a.s.	Modernization feed pupms on PPC	2007-2008	energetics	The project, dismantling, delivery and installation of transformers (1000kVA, 6000/2x690V) Freq. converters (1000kW, 690V, 1080), pump motors (900kW, 690V) incl. Honeywell control systems for combined cycle 2x185MW
